

**CITY OF GARDEN GROVE
MEMBER OF THE CITY COUNCIL**

PEDRO MENDOZA

AGE: 49

OCCUPATION: General Engineering Contractor

My wife and I, along with our two children moved to the city on July 3, 1993. I served the residents of Garden Grove, as a Public Works Inspector in the Public Works Department for almost 10 years. During this time, although that the city has improved in several aspects and maintained a good environment for our children, there has been several areas that has been neglected or not enough effort placed to it.

We need to be more proactive in attracting more businesses to the city that will provide more jobs to our residents.

We need to provide a good environment for our children to grow up and develop to their fullest capacity.

We need to improve the decision making process in our representatives, so we can better utilize the resources available to the city without adding more financial distress to the city's budget.

If elected, I pledge to you that my vote will be to the best for our community and to the best of my ability.

I do not pretend that I will have all the answers to the issues presented to me, but I will work hard for the best results possible.
